

The Icenian Trophy

Format

- 1.1 The Icenian Trophy is a team competition that takes place alongside the biennial Icenian orienteering competition.
- 1.2 The eight highest-scoring finishers from each club contribute to the overall team total.
- 1.3 The Icenian Trophy is awarded to the team with the highest score after courses close.

Eligibility

- 2.1 In order to score, a competitor must have completed at least the suggested course for their class.

2.1a Suggested courses are shown in the following table:

Course	Length / km	M Class	W Class
Black	11.5	M21	
Brown	10.4	M35, M40	
Short Brown	8.8	M18, M20, M45, M50	W21
Blue	7.4	M16, M55, M60	W35, W40
Short Blue	5.5	M65	W18, W20, W45, W50
Green	4.8	M70	W16, W55, W60
Short Green	3.8	M75, M80, M85, M90	W65, W70, W75, W80
V Short Green	3.4		W85, W90
Light Green	3.7	M14	W14
Orange	2.8	M12	W12
Yellow	2.3	M10	W10
White	1.5		

- 2.2 For the Icenian itself, competitors are permitted to 'run down'. This entails competing on a course lower down in the table than their suggested course (i.e. of lower technical difficulty and/or distance). 'Running up' is likewise permitted.
 - 2.2a Competitors running down cannot contribute to their club's total score in the Icenian Trophy.
 - 2.2b Conversely, competitors running up can contribute to the Icenian Trophy. These orienteers will earn a score relative to other competitors on the same course.
- 2.3 Only people belonging to the same BOF-affiliated club may score for the same team; there will be no ad-hoc entries to the Icenian Trophy.
- 2.4 In order to score, a competitor must have a valid finish (no mispunches or disqualifications).

Scoring

- 3.1 Scoring for M categories is calculated relative to the first-placed male finisher on their course.
- 3.2 Scoring for W categories is calculated relative to the first-placed female finisher on their course.
- 3.3 The formula used to calculate an individual's score will be:

$$\frac{\text{Reference time (s)}}{\text{Competitor's time (s)}} \times 100$$

- 3.3a The reference time is that of the first-placed M/W finisher completing the course.
- 3.3b Consequently, the highest possible score is 100 per individual, or 800 for a team.
- 3.4 A scoring team can have a maximum of five members of any gender.
 - 3.4a If the top eight performances include six or more members of the same gender (e.g. six men and two women), then the worst of these performances will be dropped in exchange for the next best performance by a member of another gender (in the above example, the third-fastest woman would be chosen).
 - 3.4b If there are no more members of another gender (e.g. the above team has no more than two women), then their final score will be calculated as if they fielded fewer than the maximum eight competitors. This is to encourage participation from all genders.

Misc

- 4.1 Team scores are calculated via the Icenian Trophy spreadsheet.
 - 4.1a Only an inducted official may enter the top eight scorers of each club.
- 4.2 For the purposes of this document, the terms 'male' and 'female' refer to individuals in classes designated 'M' or 'W' only, as is sporting convention. This does not necessarily designate the gender that an individual identifies with.
 - 4.2a If you find this usage offensive in any way, please contact the author at [icnian\[at\]cuoc.org.uk](mailto:icnian[at]cuoc.org.uk) and we will do our best to rectify this.
- 4.3 The organisers intend to announce results on the day of the event, as soon as the necessary calculations are complete.
